Frequently asked Questions

WHAT SHOULD I WEAR?

The sky is the limit! You know what makes you look good and feel sexy. Lingerie and corsets are feminine and flattering. A matching bra and panty set is always perfect for shoots. But don't limit yourself to just lingerie - a cozy sweater, his favorite shirt, a beautiful robe, denim shorts, sports jersey, stiletto heels, thigh high stockings.....

You get the idea!!

A tip:

Sande's Lingerie Boutique has a large collection of lingerie and accessories that will be perfect for your shoot! Book a private shopping appointment prior to your shoot!

CAN I BRING A FRIEND WITH ME?

Absolutely! But limit one please. Sometimes we have a limited amount of space to work in and it can get a bit cramped with too many people. And keep in mind that you and I will spend several hours together. This is fun for us but it can get boring for your friend. Maybe suggest to your friend that she bring her own vehicle so she can go home when she's had enough!

WHAT IF I AM NOT A SIZE 2, SHOULD I STILL BOOK?

Boudoir is about celebrating the beauty in every woman. It is a very empowering experience and a huge confidence booster. My clients are all ages, shapes and sizes.

WILL MY IMAGES BE SHARED WITH OTHERS?

Of course I would love to share your images but only with your permission! My clients choose what level of release they are comfortable with. I would never share anything that would embarrass my clients - only the most modest shots.

WHAT TYPE OF RETOUCHING IS INCLUDED?

All prints and products will include complete retouching such as blemish removal, skin smoothing, teeth whitening and minimal "tucking" of certain areas if needed. You will look naturally flawless.

HOW SOON WILL I SEE MY IMAGES?

Immediately! At the end of your session we will sit together and review your proofs and order your favorite prints and products.

DO I RECEIVE ANY DIGITAL IMAGES WITH MY SHOOT?

No. I always hesitate to give any digital images with Boudoir sessions. These images deserve to be printed by a professional photo lab and not at a discount print place. However - due to high demand I have decided to provide digital images for an additional fee.

CAN I MEET YOU AND SEE THE STUDIO BEFORE OUR SESSION?

Yes! In fact I highly encourage it! All my sessions include a complimentary pre-consultation meeting so that we can meet and get to know each other. It also gives you the opportunity to give me the vision for your shoot.

Sande's Boutique

**Where vanity is not only acceptable,
it's encouraged**

What sets my boutique apart is that I am not open regular business hours. My boutique is open by appointment only. Yes. When someone wants to shop at my boutique, they will make an appointment with me and it will be a completely private, one-on-one experience. Doesn't that sound splendid? I do open for special occasions like trunk shows and other fun events but my main focus is to create an exclusive encounter. My clients will feel indulged and celebrated.

In my boutique you will find delicate lingerie, steampunk corsets, waist trainers, sheer and textured hosiery, cute panties and so much more. This endeavor has been a true labor of love for me. I believe everything I have to offer is elegant, tasteful and leaves a bit to the imagination.

My husband Timmy and I have worked very hard to make my boutique beautiful and inviting - from the chandeliers, the drapes and lots of mirror for you to admire yourself in. What more could a Sande's Studio & Boutique client wish for?

The album was a big hit. He said "I told u that u were beautiful. I never thought you'd do something like that." Said he was going to put the book on my pillow while I'm at work. Then later said "all I want for Christmas is a stress free weekend with u - and the book". LOL

A little about me...

I am a storyteller with a camera

Hi! I'm Sande Bilton.

I'm a full time photographer, blogger, boutique owner, hustler, dreamer and coffee lover.

I am passionate about providing an experience for my clients that gives them beautiful images in a fun and relaxed atmosphere.

My photography career began with my first Boudoir photo shoot in October, 2012. I knew I was hooked for life. I love how the sessions make women feel gorgeous, glamorous and sexy.

My photographic style is a blend of editorial and fine art. I strive to create photos that empower women to see how beautiful they truly are, regardless of their size, shape or age.

I consider it a privilege and am grateful that I get to do what I love.
